

PHIL 160 section 02
Philosophy of Science
Tu/Th: 1:30-2:45 BBC 322
San Jose State University
Spring Semester 2026
Professor Andrew Delunas
andrew.delunas@sjsu.edu

A philosophical inquiry in to scientific knowledge and practice, including:

- The line between science and pseudo-science
- The role of empirical evidence in knowledge-building
- Scientific theory change
- Social factors in scientific knowledge-building
- Whether scientific theories need to be true to be useful
